PROFESSIONAL SUMMARY

Ambitious and detail-oriented Computer Science Engineering student with a robust foundation in software development, core data structures, and artificial intelligence frameworks. Possesses hands-on engineering experience from an industry internship and building intelligent computer vision and automation tools. A proven self-learner with strong analytical and problem-solving capabilities, dedicated to producing clean, efficient code and contributing effectively to technical engineering teams.

TECHNICAL SKILLS

Languages:	Python, C, C++, PHP
Web & Core:	HTML, CSS, Web Application Development, Object-Oriented Programming (OOP)
Specializations:	Data Structures & Algorithms (DSA), Artificial Intelligence, Computer Vision
Soft Skills:	Analytical Thinking, Problem-Solving, Goal-Oriented Mindset, Continuous Self-Learning

WORK EXPERIENCE

Platinum Software Private Limited

Aug 2023 – Oct 2023

Software Engineering Intern

- Collaborated with senior development teams to build and optimize clean, maintainable web application components.
- Acquired structural exposure to standard professional workflows, continuous debugging processes, and corporate project lifecycles.
- Utilized Python and front-end web technologies to develop functional scripts for system automation and test tooling.

KEY PROJECTS

AI-Powered Learning Assistant

Python, NLP, LLM APIs

- Engineered an intelligent, conversational system designed to automate concepts explanation and generate learning content for students.
- Integrated custom natural language processing pipelines to deliver accurate responses to multi-turn technical and educational questions.

Real-Time Face Recognition System

Python, OpenCV, Deep Learning

- Developed a computer vision application that systematically detects, localizes, and counts human faces across dynamic video streams and image inputs.
- Optimized multi-face tracking algorithms to scale frame-processing capabilities and accurately register facial data points.

EDUCATION

Mangalayatan University

2024 – 2028

Bachelor of Technology (B.Tech) in Computer Science Engineering — Pursuing

Government Polytechnic, Gopalganj (SBTE Bihar)

2022 – 2025

Diploma in Computer Science Engineering — Grade: 8.21 CGPA

GD Mission Public School, Muzaffarpur (CBSE)

Graduated 2022

Secondary School Examination (Class X) — Score: 73.6%

LANGUAGES

English: Professional Proficiency | **Hindi:** Native or Bilingual Proficiency
